summary

Multidisciplinary graphic designer who turns ideas into clean, intentional visuals. I work across web, social, and print — building cohesive brand systems, designing and maintaining websites, and producing the kind of editorial layouts and scroll-stopping social graphics that actually get noticed.

experience

MockingOwl Roost - Team Lead Graphic and Layout Designer [Present]

- designed SMIs for social media, website page layouts, and full-layout blog post PDFs
- developed SEO-driven written content and published through Wordpress to enhance audience engagement

Nola Parks for All - Multimedia Designer [Present]

- serve as the sole designer for the nonprofit, leading website design, social media graphics, and all visual branding initiatives
- design and maintain the organization's website, building cohesive layouts and updating content to support community programs and events
- create digital and print collateral including event flyers, infographics, and campaign assets that drive engagement and advance the nonprofit's mission

Josh Hailey Studio - Graphic Design Intern [Apr 2024 - Oct 2024]

- designed and produced various print materials including posters, flyers, and stickers for client projects, ensuring brand consistency
- managed contract agreements and project timelines, contributing to efficient project delivery
- assisted senior designers in the creation of visual assets for diverse campaigns

Freelance Graphic Designer [May 2023- Present]

- designed custom logos and branding elements for diverse clients across various industries, enhancing their market presence
- created unique visual assets for merchandise, including t-shirts, ornaments, and drinkware, from concept to production-ready files
- provided high-quality photography and custom illustrations for client projects, meeting specific visual requirements
